Description:

In 1933, the delightfully eccentric travel writer Robert Byron set out on a journey through the Middle East via Beirut, Jerusalem, Baghdad and Teheran to Oxiana, near the border between Afghanistan and the Soviet Union. Throughout, he kept a thoroughly captivating record of his encounters, discoveries, and frequent misadventures. His story would become a best-selling travel book throughout the English-speaking world, until the acclaim died down and it was gradually forgotten. When Paul Fussell published his own book *Abroad*, in 1982, he wrote that *The Road to Oxiana* is to the travel book what *Ulysses* is to the novel between the wars, and what *The Waste Land* is to poetry. His statements revived the public's interest in the book, and for the first time, it was widely available in American bookstores. Now this long-overdue reprint will introduce it to a whole new generation of readers. This edition features a new introduction by Rory Stewart, best known for his book *The Places In Between*, about his extensive travels in Afghanistan. Today, in addition to its entertainment value, *The Road to Oxiana* also serves as a rare account of the architectural treasures of a region now inaccessible to most Western travelers, and a nostalgic look back at a more innocent time.

Fascinating and entertaining account of Afghanistan and Iran before WW2. So much discussed and wryly observed is still current. Good travelogue, good political history, excellent architectural tour, dry British humour.

The Road to Oxiana in Travel pdf books

The Road to Oxiana

Road Oxiana The to Gottlieb Kauffmann Joannes-Godofredus Bauer, Gottlieb Kauffmann Joann Titius, 1727. It's an action story. Oxiana is intense and at times magnificent.
